Our Global Internship Program is a vibrant cross-cultured experience designed to provide the education and real-life experience that you need to **discover your calling, develop your gifts, and deploy your God-given gifts.** You will discover your God-given strengths as you integrate your faith and education with your calling by receiving academic classes and hands-on learning that will prepare you to use every gift to further your God-given vision.

[The Global Internship] showed me the power and importance of a walk with Christ, and it showed me how wonderful it can be to surround yourself with people who are searching after Christ. The internship also gave me a solid foundation which I can always turn back to. Just remembering my time there gives me confidence to walk through life with Christ and not on my own."

"Our trip was ABOVE & BEYOND what we could have asked or imagined. The thoughtful planning, training, and immersion into the life and culture of South Africa was unparalleled. We can't stop thinking about the lives we encountered, the people we served, and the presence of Jesus that has changed us forever. We can't get enough - we're coming back!

Impact Africa is a great ministry to partner with. From the pre-trip logistics of the organization of the trip, and the quality of ministry that they do, it is evident that your investment of time, money, and resources is Good Ground!
